There will be some free time on Thursday Island before boarding the ferry for a one-hour trip to the mainland. Call in to the Croc Tent owned by Terry and Davida – a famous souvenir shop which 'appeared' in 1984, then to Somerset where, tides permitting we will take you for a drive on the eastern Cape beaches and finally, the moment you have been waiting for, a visit to The Tip. Day 4 Wednesday, 22 June 2022

Loyalty Beach to Eliot Falls Meals BLD

South of Loyalty Beach is the Jardine River, a once formidable barrier for visitors to Cape York. Crossing the river has destroyed many vehicles however, in more recent times a vehicular ferry has been introduced making the crossing very easy. The 'best' route from Cape York is not the original road. The original track was built to install and service the old overland telegraph line. This track is known as the Old Telegraph Track. Many 4X4 enthusiasts still use this old road which has some very difficult creek crossings. A lot of 4X4's make it through to the end of the journey but some don't! Today, road conditions favourable, we will take you to Nolan's Crossing on the Old Telegraph Track to see one of the challenging crossings. Tonight, we will be camping at Eliot Falls - eXpedition10 style in roomy tents with comfy beds complete with linen and doonas.
